

TRAINING PROGRAMME 2013

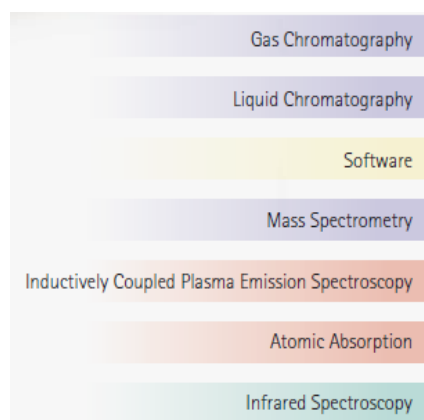

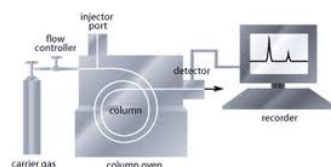

Your Partner to Pave Scientific Knowledge

Gas Chromatography For Advanced Chemist

20th – 20nd May 2013

Course Fees RM 1360 (HRDF Refundable)

This course is designed for users which have some knowledge about gas chromatography or 1-3 year experienced chemists who wanted to explore more knowledge on method developments and various sample preparation techniques from gas to solid matrices of samples

No. 2A, Jalan Putra Mahkota 7/8A,
Putra Point Business Center,
Putra Heights, 47650 Subang Jaya,
Selangor, Malaysia

Phone: 60122143019
Fax: 60358794779
E-mail: sales@chromstation.com

ChromStation Sdn. Bhd.

TRAINING PROGRAMME 2013

Training Schedule

Content

Day 1

9.00-12.30 pm

Gas Chromatography (GC) - The Introduction
Column and Separation - Theory & Practicality
Hardware - Configuration, Functionality and Applicability

2.00-5.00 pm

Practical on Operation, Optimization and Application

Day 2

9.00-12.30 pm

Fast GC - The Preferred Trending
Practicality to increase GC Resolution, Sensitivity, Accuracy and Throughput

2.00-5.00 pm

Practical for Fast GC Method Translation

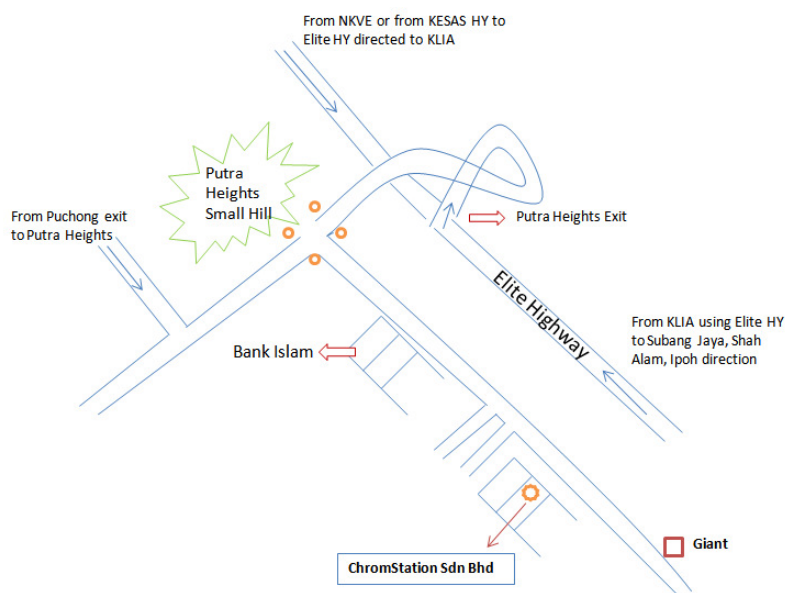

Day 3

9.00-12.30 pm

Liquid/Liquid, Headspace, Solid Phase and Solid Phase
Micro Extraction Techniques for Various Sample Matrices

2.00-5.00 pm

Practical for Extraction & Analysis of Air, Aqueous and Solid Samples
